*"We appointed Fabrique Specialist Glazing Solutions Ltd to supply and install glass doors and glazed screens for an office and shop constructed within St Botolphs Church, Boston – more commonly know as Boston Stump.*

*From start to finish the Fabrique team were focused, reliable and thoroughly supportive and the site team always had health and safety in mind. The use of skilled operatives allowed for efficiency and quality throughout their work for the duration of the installation. This led to a well finished end product that was delivered on programme and within budget leaving the client very happy.*

*No faults could be made of the performance of the team from Fabrique on the project and we look forward to working together on future schemes."*
